

Sealmaster Black Glazing Tape

Part of the Dixon
International Group Ltd
www.dig.co.uk

Instructions for Use

1. Peel coloured securing tape towards the leading edge of the roll
2. Carefully peel white liner paper off the clear tape "easy peel start"
3. Adhesive layer is now revealed and ready for use.
4. Peel away white liner paper

Note : Never cut through tape and liner paper together otherwise it will be difficult to remove the liner paper easily.
